Adress: Nagar Kurnool, Telangana,509209

Objective

I am a passionate learner who is looking for summer internships as a way to gain practical experience. I want to use this internship as an opportunity to gain knowledge and experience in the computer science engineering field, which will help me grow and learn more about this field.

Education

3rd year, b-tech, computer science and engineering, GITAM Vizag (expected graduation: April 2025)

Projects

App development: mobile app aimed at enhancing the accessibility of class schedules for students at GITAM University. Users can conveniently check their timetables and organize their academic calendars while on the move. (I have just started working on this app.)

Skills

- Problem solving
- Adaptability
- Team work
- Programming languages: c, java, html, python

Hobbies

Playing badminton, taking online courses.
